0	Jack	McSorley	10	6-3	Kettle Moraine	98"	6'5 3/4	9 1/4"	RT	Good size and frame with plenty of room to add muscle. Developing shooter that will make him a dual threat to finish both inside and out. Great motor and feel for the game which will continue to grow as he is only a sophomore. Takes pride on the defensive end and isn't afraid to get physical on the glass. Playing in Classic 6 he will be pushed and challenged to grow his skill set and body.	
1	Nicholas	Krueger	11	5-9	Niagra	92"	5'11 3/4	8 1/2"	N	Plays much bigger than the listed 5-9. Needs to become a knock down 3pt shooter to complete his game. Has a great floor sense and always makes the right decision. Demonstrated he can finish at the rim and has a pull up game to match. Runs the floor with vision and understands spacing. Continue to grow your at the rim game with a variety of finishes off of one and two feet.	
2	Ethan	Metz	12	6-0	Sun Prairie	92"	6'0	9"	N	Interesting prospect. Has worked his entire career in a high profile program. Needs to take the next step forward and become consistently aggressive on the offensive end. Has all the tools to be an excellent guard but can't take a back seat and be a spectator. Sometimes to unselfish. Demonstrated he can hit big shots when called upon. Showed he can score at all three levels on the floor, tough player to stop if he plays with confidence.	
3	Trent	Grunewald	9	6-1	Howards Grove	95"	6'3 1/4	8 1/2"	N	Somebody to keep an eye on in the future! Strong confident kid who can defend and is willing to do the little things to be successful. Showed he can put the ball on the floor and finish at the rim. Athletic enough to be effective in transition either with the ball or without. Needs to develop a knock down 3pt shot in order to open the floor for himself and others. Bright future if he lives in the gym and the weight room.	
4	Jack	Campbell	12	6-4	Reedsburg	96"	6'2 1/2	9 1/2"	RT	Calling him athletic is an understatement. Bouncy and explosive. Makes an impact defending the rim, rebounding, and finishing at the rim. Key statement there is finishing at the rim. He needs to continue making defenders pay for guarding him tight on the perimeter. Has a strong enough handle and body to get all the way to the glass and finish. If he continues to develop a strong outside shot he will be a very difficult match up for opposing teams	
5	Elijah	Meerstein	11	6-2	Green Bay NEW Lutheran	93"	6'1 1/4	9 1/2"	P	Great person and leader who is genuinely excited for his teammates success. Plays extremely hard on both ends of the court. Solid 3pt shooter who will continue to expand his range beyond the arc. Tough enough and strong enough to finish against bigger players at the rim. Demonstrated a great feel for the game as he seemed to always make the right decision with his passing. Has a rare habit of cutting hard which you don't see out of many young players. Overall very impressed with his game.	
6	Derek	Shaw	11	5-9	Pulaski	92"	6'0	9"	RT	Could be a scholarship player (D2) or high D3. Son of a coach who has paid attention during those practices, car rides and dinner table discussions. Knows exactly what is needed on every possession. Can score at all 3 levels on the floor and demonstrated deep 3pt range. He will be a PG at the next level. Can score a great deal of points but the kid can facilitate and run a team with the best of them. Needs to live in the weight room.	
7	Payton	Christopherser	10	6-2	Wausau West	97"	6'3	10 1/2"	RT	Big physical kid for a sophomore. Can only imagine how much bigger and stronger he will get over the next 3 years. Payton needs to continue to improve in all aspects of his offensive game to develop into a special player. He was good at many things. This tells me he has all the tools to bust out into an All Conference player if he goes to work on developing his skill set. He has the motor, the body and the IQ to be really good. It's up to him and the amount of time he puts into this pursuit.

2	Garrett	Staszak	11	5-9	Appleton North	89"	5'11	9"	P	Great attitude. His ability to handle the ball allows him to go by defenders and score at the rim. He is also a good passer when he gets into the lane for open shooters and dump downs. Has a bulldog mentality on defense. He is a catch and shoot three point shooter.	
3	Marcus	Hall	11	6-5	DC Everest	100"	6'6	9 1/4"	RG	A big that can play inside and out. Likes to catch the ball on the 3-point line and shoot it or attack the rim. Scores without the ball and creates easy baskets with his movement on the floor. Defensively, can play above the rim and protect the basket. Also a good rebounder on both ends of the floor.	
4	Severin	Hilt	11	6-0	West Bend East	94"	6'2 3/4	9 1/8"	P	Combo guard that can really shoot the 3. Does a great job of using the hesitation to go by defenders and get to the rim. Does well being creative in his finishing which allows him to score over bigger defenders despite not playing above the rim. When he gets into the lane, he also does a good job finding open shooters. A leader on the floor that communicates during every possession.	
5	Nathan	Schraven	10	6-2	Neenah	97"	6'3	9 7/8"	P	Great team player. Wants what is best for the team. Very coachable. Physical player that can play inside and out. 7	Tristan	McRoberts	12	6-5	Melrose-Mindoro	100"	6'5	8"	RG	Big guard that can score on all levels of the court. He is really good at getting to his spot on the floor. Good leaper which allows him to shoot the pull up over defenders and play above the rim. Really good in PNR as both the screener/popper and as the ball handler. Is a willing passer and makes the right play instead of the selfish one. When the ball is in his hands, good things happen on offense.

\*\* 2 foot jump test = 1 step, jump off 2 feet, and reach with 2 hands. Key: P = touch pad both hands; N = touch net with both hands; RT = rim touch with both hands; RG = grab rim with both hands
