## FAST BREAK NOTES

### All-Star Games

The All-Star gamers were a huge success. Attendance was estimated at around 6,000 for the two days. The WBCA was able to give \$20,000 to the following charities: MACC Fund, Hometown Heroes, Garding Against Cancer, Ronald McDonald House and Camp Wawbeek of Easter Seals.

### Awards-Fall Clinic (Oct. 7-8th)

The following award winners can be found in this newsletter: Conference Champs and 100 & 200 Wins. These awards can be picked up at the Fall Clinic. If you can't make the Fall Clinic, make sure to have someone pick up your award for you.

### Awards-Hall of Fame Banquet (Sept. 25th)

The following award winners can be found in this newsletter: 300-400-500-600-700 Wins, 25 Years, 35 Years, Golden Whistle, Athletic Director of the Year, Assistant Coach of the Year, Achievement Award, Tribute Award, Steve Randall Award, Eli & Karen Crogan Award, Coaches of the Year, College Staff of the Year, College Players of the Year, Legacy Award and State Champs. These awards can be picked up at the Hall of Fame Banquet. If you can't make the Hall of Fame Banquet, then the award will be available at the Fall Clinic. If you cannot make the Fall Clinic, make sure that someone picks up your award for you.

### Shot Clock

Shot clocks for high school games are used in 8 states: California, Maryland, Massachusetts, New York, Rhode Island, North Dakota, South Dakota and Washington. Iowa and Georgia have approved the shot clock for the 2022-2023 season. The National Federation in April gave states the option to adopt a 35-second shot clock starting in 2022-2023. No matter what your feelings are on the shot clock, it is my opinion that in the next five years the shot clock will be adopted by most states.

### Social Media

The WBCA has the following social media outlets: Instagram Account (go to wis-bca); Twitter Account (go to WisBCA) and Facebook Account (Search "Wisconsin Basketball Coaches Association" and press 'like').

### Fall Clinic

It is so good to have a live clinic. Coach K will speak at the clinic via "zoom". Coach K has not spoken at a clinic in five years. I predict years from now you will tell your grandkids that you heard the Michael Jordan of basketball coaches speak. This is one clinic you do not want to miss.

### Questions

Any questions or concerns you might have, please email me at: jerrypetitgoue@icloud.com Have a great start to another year!

## **FAST BREAK NOTES** CONT.

Article on WBCA Hall of Fame Banquet Event on August 1, 2020

By Joe Boucher, Inductee

Having heard from some friends about how wonderful this event is every year, I had a high bar coming in as I was attending for the first time. As a basketball fan, but not really part of the basketball family since I am not a coach, AD or official, I was uncertain how I would be accepted.

I had a great time! I was warmly accepted by each and every person I connected with. The event was so well organized. There were people explaining what to do and what to expect. The enthusiasm everyone had at the event was outstanding. The energy and knowledge that Coach Jerry Petitgoue brings to this event is just unbelievable. And, of course, without Joan Petitgoue the event would not occur much less be as well done as it is.

It seems quite clear that high school basketball in Wisconsin has continued to improve as the quality of coaching improves. For me, as a fan, it is more fun than ever to attend high school games.

Finally, it cannot be overstated as to the importance of high school basketball and sports in general to our state's well-being.

# Hall of Fame-What's Going On

Many basketball fans walk through the WBCA Hall of Fame without even noticing what is on the walls at JustAgame Fieldhouse. Many may read a story or two or look at all the photos, while some spend hours reading the history of Wisconsin high school basketball. A fan could literally spend hours and hours reading each story and not see it all. The Hall of Fame was first put up in 2012 with stories starting from the first season of 1916 to the present.

The Hall of Fame has recently gone through some changes with the addition of just some of the following:

-----Two large screen monitors that continuously show highlight videos of great moments in Wisconsin basketball that have been a great addition to the Hall. If you have any highlight videos to add, please send them to us.

-----All teams that have won state championships are new and are on display as soon as you enter JustAgame.

-----Jerseys from over 250 schools have all been redone and mounted in the Main Hall. If your team is not on display, please send us your school jersey and we will get it up.

-----Norbert Durst and Travis Wilson have done a great job writing new stories that have recently happened and updated some old stories. Norbert and Travis will have more in the future. If you have a story you feel is Hall of Fame worthy, please let us know.

-----The Hall of Fame also honors our retired coaches and officials. Coaches, if you are retired with 300 or more wins, and if you are a retired official with 1,000 or more games officiated, please go to the WBCA website to get a form and send us your information. We need help to get you on the Hall of Fame display for "Coaches and Officials".

-----The Hall of Fame has a very large display of players that have reached 1,000 points in career scoring. Over 2,000 players are displayed in what we call the "1,000 Point Lounge". If you or someone you know has reached 1,000 points, please go to the WBCA website to get a form to register.

-----Another new addition coming to the mezzanine above our main court is "State Tournament Records". We hope to have this up in the next month to honor those that set records for all stats that are kept in the history of over 100 years of Wisconsin high school basketball: who has the most points, the highest scoring game, the lowest scoring game and more? Did you know that the lowest scoring game in state tournament history was 7 to 3 with Edgerton beating Galesville.

-----If you are a coach, player or a fan of Wisconsin high school basketball, everyone can be represented in the Hall of Fame. If you would like to be a donor to the Hall of Fame Museum, please contact us. All donations of \$50 or more will get a plaque on the Donor Wall.

-----There is a new award called the "Legacy Award" which is now in its second year and is awarded to an Executive Board member and also to one boy and one girl player who have shown qualities of character, courage and service. The winner of this honored award is on display in the main entrance of JustAgame Fieldhouse.

Please take the time on your next visit to read some of the great stories that have made Wisconsin High School Basketball the best organization in the country.

44th WBCA All-Star Games  
by Mike Huser, All-Star Chairman

The 44th Annual WBCA Boys' Basketball All-Star games were held on July 15, 2021 at the JustAgame Fieldhouse in Wisconsin Dells. Once again, the staff at JustAgame provided an outstanding job in hosting the event, after a one-year absence due to the pandemic in 2020. The event was held over three days in the Dells and the participants were tremendous in the way they represented their schools, communities and the WBCA. We were again able to fundraise a very significant amount of money that will be distributed among several charities this year which include: the MACC Fund, Garding Against Cancer, Camp Wawbeek, Camp Hometown Heroes and the Ronald McDonald House Charities.

The games this year followed our new format in that the teams were drafted by the respective coaching staffs for each team. This process began with over 200 nominations for the boys and this year the rosters were extended to 12 players per team. The increase in roster size also led to us lengthening the games this year to 12-minute quarters. The games in each division were exciting, competitive and featured huge swings in momentum throughout the course of the games. The coaching staffs did an incredible job with their teams and that led to a record breaking day of scoring as many divisions broke team scoring records.

The WBCA All-Star staff would also like to extend a BIG THANK YOU to Dave Royston and the staff at JustAgame Fieldhouse for all their hard work and help in accommodating the WBCA All-Star Game transition to one of the finest facilities for basketball in the Midwest. Finally, the WBCA would like to thank all of the coaches, players, fans and friends of basketball for their support and effort to make this year's All-Star event a success. Further-more, your support and generosity to the WBCA and the various charities is so very much appreciated.

Scores:

Division 1

Red 118 (Sinani 22, Reuter 21)

White-108 (Resch 17, Hinson and Desmond 15)

Division 2

Red 118 (Jackson 26, Desmond 18)

White 107 (J. Johnson 35, Z. Johnson 19)

Division 3

Red 127 (Witt 20, Anderson 19)

White 121 (McGee and Timm 22)

Division 4

Red 127 (Dailey 23, Nesbitt 22)

White 117 (Lancaster 22, McHenry 20)

Division 5

White 133 (Haffele 23, Siegenthaler 21)

Red 95 (Ralph 17, Waldera 15)

## President's Message

### Greetings:

Looking at last year's message, some things have changed but there is still some uncertainty in our schools as we start the year. One thing I do know is that things can change and change very quickly.

This summer we had some sense of normalcy with leagues and tournaments held with fans and players and without masks. Within the WBCA we had our boys and girls All-State Banquet, the two All-Star Banquets and All-Star games and our first of two Hall of Fame Banquets. I give a great amount of credit to Joan and Jerry Petitgoue for their tireless work to make sure we had these events take place and no coaches, players or Hall of Fame or award winners missed out on anything. The amount of time and effort that goes in to these events is hard to imagine.

With school getting ready to start, we turn our attention to a few WBCA events coming up:

- 1.) The Fall Showcase
  - a. September 11th-Boys
  - b. September 12th-Girls
- 2.) The Fall Clinic
  - a. October 7th and 8th at JustAgame
- 3.) The Hall of Fame Class of 2021 Banquet
  - a. September 25th at Glacier Canyon Lodge of the Wilderness Resort in the Dells

All of these events are on the WBCA website. Membership and clinic registration are now open. Check it out once again on the website.

In closing, I wish everyone "good luck" this season and keep doing what you are doing to let our kids have the best experience possible. Questions or concerns, please email or call me.

Yours in Basketball,

Dan Witter, Wisconsin Rapids Lincoln  
WBCA President and Division. 1 Rep

## 2021 Girls' All-Star Games Loren Homb

I want to thank everyone for their efforts in making the 2021 All-Star Games the very best in the 39 years of their existence. Over the years, I write this article about the scores of the girls' games. This year I want to talk more about the good that this year's players did for the recipients of our donations. They were: MACC Fund, Camp Wawbeek, Garding Against Cancer, Hometown Heroes and Ronald McDonald House. The players and coaches, both boys and girls, went out and raised almost \$400,000 for their causes. There are so many networks within cancer research organizations that help children everywhere. Money spent in Madison and Milwaukee is used to develop new medicine and treatment, which is used worldwide.

The players, coaches and their families heard from a 22-year old currently in her fight to beat cancer at the girls' banquet. Meghan Douglas (my niece, making it very personal for me) was a three-season athlete in high school who went on to play college basketball while a nursing student. Hearing from a peer was very meaningful and emotional for the players. They heard first-hand the struggles that take place during a courageous battle with this dreaded disease and some valuable life lessons. While the players have been honing their basketball skills, cancer patients have been fighting for their lives. We were very fortunate to have Meghan speak to our all-stars. She is here today because of the players in the past that went out to raise money for our cancer fighting causes in the past. The impact of this year's players will benefit cancer patients into the future.

In my 36 years of involvement with the All-Star games, I have really seen the focus of the games change. The players are all great athletes and, more importantly, great people. However, the real focus of the games is on the kids with cancer and kids who are developmentally disabled through no fault of their own. Many players came up to us after their games and wished they would have done more to help in the fundraising effort. We remind them that the fundraising does not stop with the end of the games. Players, please do not lose sight of the big picture. In 1976 the cure rate for childhood cancer was about 20% and currently we are up to almost an 80% cure rate. We have come a long way, but there is more to do in our efforts to get that cure rate to 100%.

Thank you from everyone at the WBCA for your efforts and continued support of this worthwhile cause.

### Game Scores:

Division 1: North 93, South 73

Division 2: North 111, South 71

Division 3: South 100, North 83

Division 4: South 77, North 57

Division 5: South 51, North 49

2021 WBCA Fall Clinic/Convention  
We're Back in Person !  
October 7-8th

"Wow", what a unique last year. The WBCA is so glad to be back in person. In 2019, we were able to have a near record crowd of over 900 coaches and in 2020 we had nearly a thousand (virtually). The WBCA anticipates, this year, even a bigger venue with our expanded edition of speakers/courts being used. This year's clinic will again take place at JustAgame Fieldhouse in Wisconsin Dells, Wisconsin starting the evening of Thursday, October 7th (4:30 p.m.) and continuing through the early afternoon of Friday, Oct. 8th. Also, we have Coach K speaking at the clinic on Friday morning. What a thrill for all!

Hotel reservations at the Great Wolf Lodge area welcomed with September 7th as the last date for lower rates. The code for the discount on rooms is: WBCA Fall 2021

Don't miss out on all the great speakers, the huge number of options on four courts, and most of all, bringing the camaraderie back in person to tip off our upcoming season. No clinic can surpass the options, organization and, most of all, all live demonstrations.

A reminder that the clinic fees are separate from the WBCA membership. However, if you are joining the group membership of 21 coaches for \$200, you will get a \$10 reduction on our WBCA Spring Virtual Clinic.

For registration for the upcoming clinic and/or membership please go to: [wisbca.org](http://wisbca.org)

Please email me if you have any questions.

Best Regards,

Jon Nedelcoff and Jay Benish  
WBCA Co-Clinic Directors  
[allincoachn@yahoo.com](mailto:allincoachn@yahoo.com)

## **“The Benefits of a WBCA Membership for Basketball Officials**

By Terry Erickson, WBCA Executive Board Member  
Officials Assignor, Viterbo University Men’s and Women’s Basketball  
Officials Assignor, Emmaus College Men’s and Women’s Basketball

I am often asked the question, “Why should basketball referees join the Wisconsin Basketball Coaches Association?” Here are two of the numerous benefits in becoming a member.

Each year, the WBCA selects a basketball official to receive the coveted “Golden Whistle Award.” At the August 1st Hall of Fame banquet, veteran official, Casey Eckardt received this honor. As both a High School and College Basketball Official since 1980, Casey has referred over 1,500 High School games and 10 state tournaments. He also has officiated @ the NCAA level working deep into the playoffs numerous times in his career. He continues to make significant contributions to the betterment of officiating as co-director of the Northern Wisconsin Basketball Officials Camp.

Officials that are WBCA members, and have at least 40 years of officiating experience are eligible to receive this honor. Feel free to contact me for information on the nomination process. My email is coachtce@aol.com

Another benefit of being a WBCA member is the opportunity to work the High School All Star games. Each year, the very best boys and girls players in the State of Wisconsin compete in the 5 divisions in a summer showcase.

We just completed the All Star games at the Just A Game Fieldhouse in Wisconsin Dells. 30 referees were selected to officiate. I received numerous compliments on the quality of those officials, which is a direct reflection on the efforts and preparation of those referees that were selected.

You should know that we are committed to broaden our selection of All-Star game officials in future years. Our goal is to give referees throughout the state the unique opportunity to be part of this special event. If you have an interest, here is the process used for selecting All Star game officials.

- Current member of the WBCA
- Registered WIAA official
- Experience/knowledge of the 3 person crew system
- At least 5 years of basketball officiating experience
- Sectional assignment experience
- Recommendations from Conference Commissioners/Assignors/WBCA members
- Geographic rotation system throughout the state
- Displaying a level of fitness commensurate with good floor coverage
- Level of assignments worked during the recent season

I hope these benefits will stimulate your interest in signing up and becoming a WBCA member for the 2021-22 school year. Information can be found @ [www.wisbca.org](http://www.wisbca.org)

## COACHES ASSOCIATION

### WBCA Prep Showcases

With summer basketball almost in our rear view mirror it is time to think about how you will spend the fall preparing for the 2021-2022 season. The WBCA Showcase events will be held the weekend of September 11th and 12th at Justagame Fieldhouse.

There will be two different boys events on Saturday September 11th.

The first is for High Caliber (Varsity and JV level) high school players looking to show their skills to college coaches from across the midwest. That event begins at 9am and finishes at 2:30pm. It includes a skill session, guest talk by former Badger Brian Butch, and 3 hours of game play against other top players.

The other boys event on Saturday is new this year. The WBCA Boys Futures showcase is for boys in grades 7th-9th grades. That event begins at 3pm and ends at 8pm. Players will take part in a skill session, hear from a guest speaker, and have 3 hours of game play against other top players their age.

The Girls Showcase will take place on Sunday September 12th. It is open to all girls in grades 9th-12th grade. The girls event starts at 10am and concludes around 3:30pm. It includes skill work, guest speaker, and 3 hours of game play against other top players from throughout the state.

## WIAA OFFICIALS

### Where do we go from here?

As we prepare for the 2021-22 girls and boys high school basketball seasons, we are confronted with a grim reality. There is a huge shortage of officials. For some, this may seem not to be a “Wisconsin Basketball Coaches Association” issue. But perhaps after reading though the next few paragraphs you will find that it will impact each of us, the schools, the games, and most importantly, the kids.

In 2010 the WIAA’s arsenal of officials was at a healthy number in nearly every sport. For basketball, there were nearly 5000 officials. The nation was made aware of a trend in declining officials in 2019-20. The WIAA was still at healthy numbers with 4730 registered basketball officials. Then COVID hit. Officials stepped away from the game in all sports, including basketball. They are not returning. Today, our registered number of basketball officials sits at 2896. That is a decline of 41%.

2010

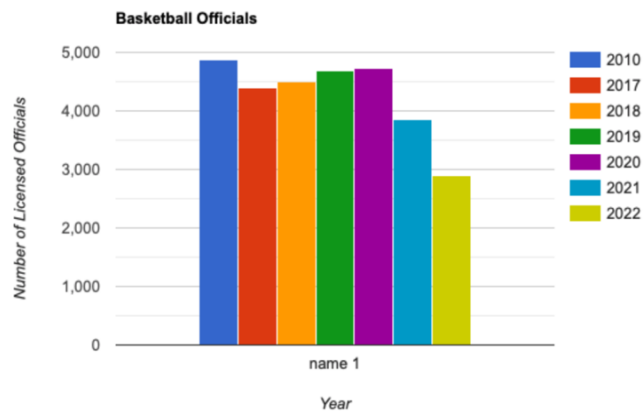

Officials: 4874

2020

Officials: 4730

2022

Officials: 2896

It has become an urgent matter to both recruit and retain officials. Without them, the game becomes chaos. Without new officials each year, our numbers continue to decline.

How can we help? Let’s start by making the job more enjoyable. The majority of officials who have left the game have cited poor sportsmanship, and verbal confrontations as a primary reason. Coaches, players, and fans can all make a concerted effort to respond better to officials who are “on the job” at your games.

Next, let’s talk to our graduating players about the potential of becoming an official, after they have finished their playing career. College kids are always looking for a way to make some money while in school. This is a way to stay connected to the sport they played, provide a much-needed service to high school athletics, and make some money along the way. Can we all make it our mission to bring someone to the table each year? If each high school coach recruited one former player every-other year...we would increase our licensed basketball officials by over 400 per year. It would take us FIVE YEARS to get our pool of officials back to a healthy number...and that’s if we retain every-single-one we recruit.

Additionally, there are a handful of high schools that offer an Officiating course to their students. The WIAA, in conjunction with these high schools, can offer YOUR school a training curriculum which can be implemented in order to forward our mission to increase the number of officials in Wisconsin. High school students can be licensed at no charge, and can begin to learn the techniques of officiating. Another possibility. Another opportunity to make a difference.

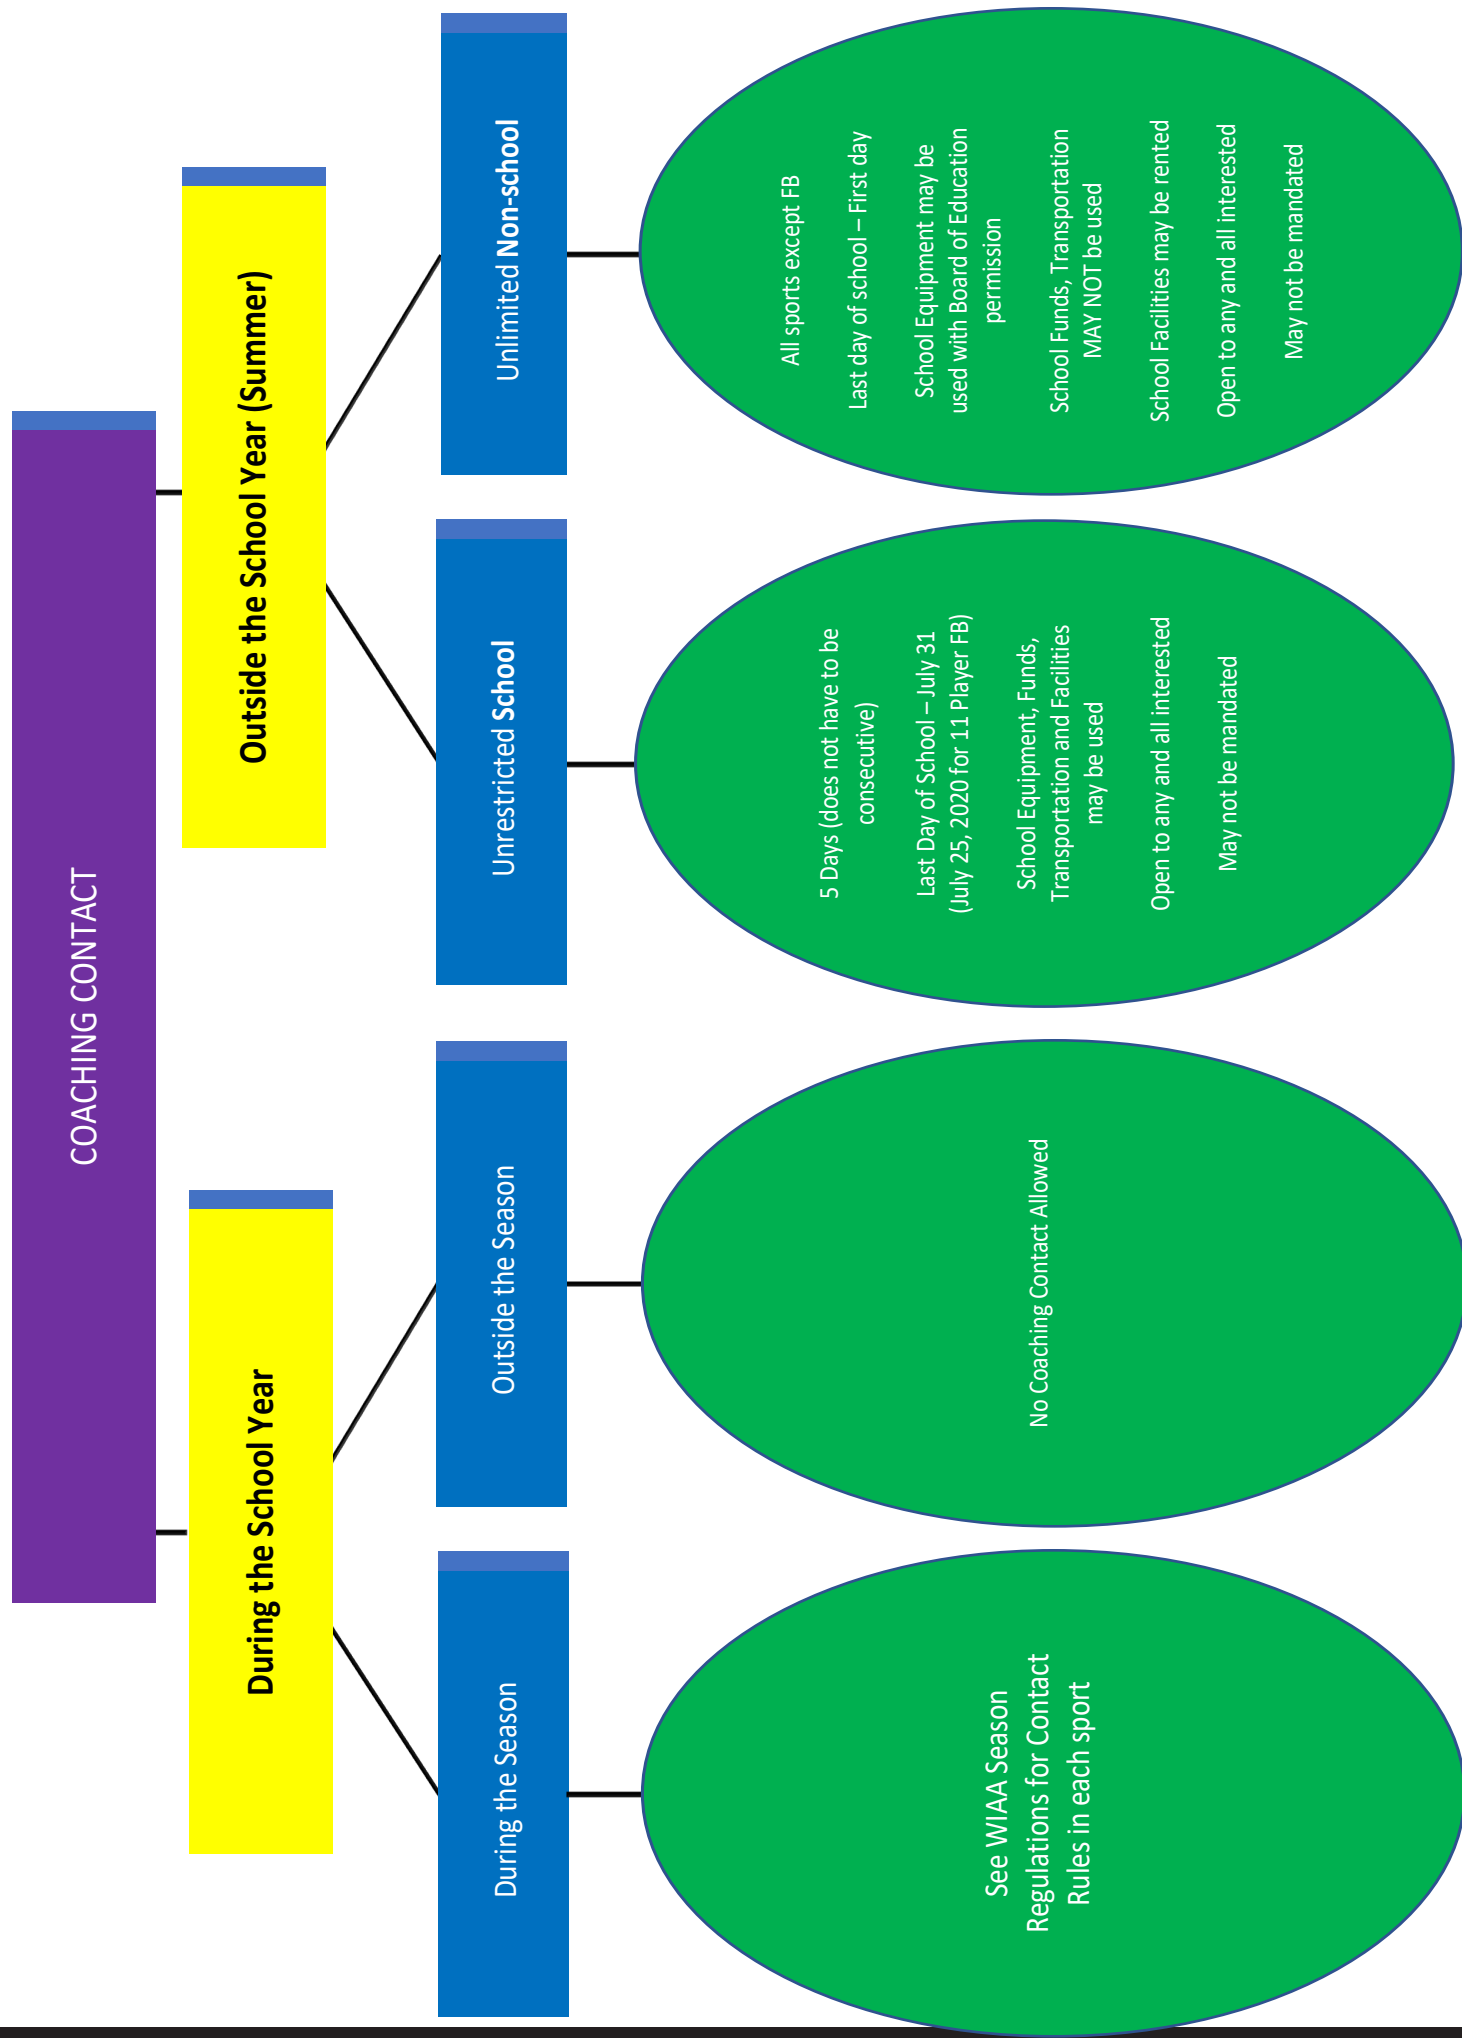

Let’s get this right this year. Treat officials with respect. Talk to your players about becoming an official. Consider adding officiating curriculum to your school. We need you to invest for the future of basketball in Wisconsin.

## **Iowa Associations Announce Adoption of Shot Clock in Basketball**

The IHSAA and IGHSAU will use the NFHS allowance for state adoption to introduce a 35-second shot clock for varsity basketball, required of participating member schools starting in the 2022-23 season. Use of the shot clock in sub-varsity competition will be allowed but not required. With a date set for statewide implementation, experimental exceptions will not be granted during the 2021-22 regular season.

To encourage standardization among states, 35 seconds was the timing provided by NFHS approval. Further shot clock information and rule implementation will be provided by IHSAA and IGHSAU as it becomes available ahead of the 2022-23 season.

**FOR IMMEDIATE RELEASE**

July 21, 2021

**WBCA & All-Stars Make Generous Donation to Camp Wawbeek**

*Jerry Petitgoue, WBCA Executive Director & Awards Chair, presents \$20,000 donation to Carissa Peterson, VP of Camp & Respite Services at Easterseals Wisconsin.*

Madison, WI— Camp Wawbeek was the recipient of a generous \$20,000 donation from the fundraising efforts of the Wisconsin Basketball Coaches Association (WBCA) along with the state's top boys' and girls' basketball players. The WBCA is comprised of over 4,000 members who coach at the high school or collegiate level. Included in the WBCA activities are the running of the boys' and girls' high school All-Star games, with proceeds going to the MACC Fund, and in recent years, Easterseals Wisconsin's Camp Wawbeek. The All-Star games were held at JustAGame (JAG) Fieldhouse in Wisconsin Dells on July 14 and 15.

"Joy and I have been involved with Easterseals Wisconsin and the WBCA for quite a few years. With the WBCA expanding their donations to various causes, it only seemed natural to recommend them as one of the recipients," says Dave Royston, WBCA Executive Board Member and owner of JAG and Hall of Fame Museum.

"Joy and I enjoy helping when we can, especially in our hometown. We are very happy that the WBCA agreed to donate to Easterseals Wisconsin not only this year, but also for years to come with the help of the Wisconsin High School Basketball All-Star games."

Due to the COVID-19 pandemic, unfortunately guests have not been permitted on camp this year. The organization and its campers alike were hit particularly hard last summer when camp was cancelled. The camp is currently operating at 50% capacity this summer, with high hopes of returning to their normal capacity in 2022, where they will serve nearly 2,000 campers from June through August.

Easterseals Wisconsin is renowned nationwide for the excellence of its camping and recreational programs for people with disabilities. Children and adults with physical, cognitive and other disabilities from around the state make the journey to Camp Wawbeek to spend time enjoying the outdoors in a fully accessible environment. They enjoy activities such as campouts, nature hikes, fully accessible ropes course with zip line, swimming, and fishing.

**About Easterseals Wisconsin:** For 95 years, Easterseals Wisconsin has provided services that help children and adults with disabilities gain greater independence. The organization's primary services – vocational rehabilitation, respite services, camping and recreation, information and referral, and public education – benefit close to 10,000 individuals with disabilities and their families each year throughout Wisconsin.

###

Lee, this is such wonderful news! I know you have been a strong supporter of ours through the years and we are so pleased that you are sharing our mission.

Mr. Petitgoue, thank you! I am aware of the wide reach of your organization and in addition

to the fundraising you are doing for us, I very much appreciate that knowledge of Camp Hometown Heroes will be spread throughout the state.

Please tell me how I might help with your efforts.

Again, much gratitude for what you are doing for our very worthy children.

Best regards,

Deb

Hi Jerry,

Wow! What a wonderful event and evening! Such a joy to see all these amazing high school athletes, scholars, and fundraisers!

We are so grateful for the incredible support of Garding Against Cancer! Thank you for selecting us as one of the five charities! It will make such an impact at UW Carbone and around the state for patient care.

When you get the photos from the photographer, I'd love to post one of us on our GAC Facebook page.

Thanks again to you and Joan!

Regards,

Heather Garrison '01

Hi Jerry,

It was so nice chatting with you today! Thank you for reaching out and sharing the good news about our Ronald McDonald House being chosen to receive this summer's WBCA All Star-Games. We are incredibly honored to be in the company of four other wonderful charities receiving funds from your event. As our RMHC Benefiting Logo is attached, please let me know if you need anything else. Please share your social media posts with us so we can share them on our channels. I am copying my teammate Melissa who is the director of Marketing and Special Events on this email, together we will make sure you have everything you need. We will do our best to have a representative in the Dells on July 14th for your banquet. Thank you again for all that you do to shape the lives of the youth you coach and for choosing our Ronald McDonald House as one of the beneficiaries for this year's tournaments.

Gratefully,

Bridget Kesner

Hi Jerry,

Thank you so much for the generous donation of \$20,000 to the MACC Fund. Jim Jones just dropped it off...

We appreciate the support. The kids and families appreciate the support as well.

Gratefully,

Becky Pinter  
President and CEO  
MACC Fund

August 5, 2021

Dear Jerry Petitgoue,

Once again, congratulations to you for being selected as one of the NFHS National Coaches of the Year! This award designates you among the most elite coaches in the country, as well as the state and sectional coach of the year for your sport. You should be very proud of your contributions to your sport and community!

To commemorate this award, the NFHS and its partner, Signature Championship Rings, has provided a ring for you! Thank you for your dedication, passion, and expertise that you share with young people!

It is our pleasure to recognize you as a leader and role model. Again, thank you for your many contributions to the youth of our country and your community.

Sincerely,  
Daniel T. Schuster  
Director of Educational Services  
National Federation of State High School Associations
