## Fastbreak Notes

### • All-Star Games

The games were a big success with over 5,000 people attending the two days of games. The WBCA was able to give \$20,000 to each of the following charities: Garding Against Cancer, Hometown Heroes, Ronald McDonald House of Wisconsin, Camp Waubeek of Easter Seals and the MACC Fund. The Rim Rockers of the Milwaukee Bucks were a huge success both days they performed.

### • A Shout Out to:

Emily Bierman of Potosi High School who set the all-time record for fundraising. She raised \$37,111. Congratulations and thank you Emily! Max Lucey of Cuba City was the 2nd highest fundraiser with \$7,700.

Jerry Petitgoue,  
Executive Director

## Fastbreak Notes cont.

- **Hall of Fame Banquet**

The WBCA Hall of Fame Banquet will be held on Sunday afternoon at 1:00 p.m. on September 24th at the Glacier Canyon Lodge of the Wilderness Resort in Wisconsin Dells. If anyone is interested in purchasing tickets to attend the event, please call Joan Petitgoue at 608.778.2524 or email her at: joanpetitgoue@icloud.com for more information.

- **Fall Clinic-October 5-6**

Can you believe it! Caitlin Clark of the University of Iowa will be the headliner along with her coach, Lisa Bruder. Coach Bruder will talk on shooting and Caitlin will demonstrate. Magic Johnson said the following about Clark: "What makes Caitlin's 40-point triple-double so special is the fact so many players never had one, not me, Michael Jordan or Larry Byrd." Dick Vitale said the following: "OMG, I can't believe what I am watching in this 3's lady----SUPER, SENSATIONAL, SCINTILLATING=CAITLIN CLARK! She is as good as it gets!"

- **Showcase-Boys and Girls**

Coaches—Get the word out to your players about the WBCA Showcase events. At both the boys and girls sessions, your players will be coached by college coaches. That is a huge plus and that's why these showcase events will be special. A form for the showcase events is in this newsletter.

- **Membership**

We finished 2022-2023 with around 4,500 members. Is the upcoming year the year we go over 5,000? You can make it happen by signing up your staff. It is because of you, yes you, that the WBCA is the number one basketball coaches' association in the nation. Thanks you! Contact information: Jerry Petitgoue, 218 S. Lincoln St., Cuba City WI. 53807—608.778.1986 or jerrypetitgoue@icloud.com

- **Halves Survey**

The WIAA has informed me that one of the discussion points at the fall area meetings will be to go back to four 8-minute quarters instead of 18 minute halves. They also informed me that they need data on why we, as coaches, prefer the halves over quarters. So in the next week, every girls' and boys' head basketball coach in Wisconsin will receive a survey regarding your feelings on this topic. To me, when people ask why halves over quarters, I cite the following:

1. We play 4 extra minutes in Wisconsin and why would you want to give this up.
2. Because of the halves you may have to play more kids. In 8 minutes quarters you can play with a rotation of 5 or 6 players. In 18 minute halves you now must have a rotation of 7, 8 or 9 players. In basketball, as a coach, we're always criticized for not playing enough kids. The more kids you play, the better your team chemistry is. Why would we give this up??
3. The flow of the game in halves is much better. In quarters, in most games, teams hold the ball for the last shot in each quarter. This is boring basketball.
4. Kids love the halves. We always hear adults say that we're in it for the kids. If this is true, then we, as adults, should listen to the kids, who love the halves.

However, the only chance we have of keeping the halves is to have overwhelming support on this survey for the halves. I am counting on you as your Executive Director that you will give a resounding "yes" to halves on this survey.

# President's Message

---

Well, it will not be long now and we will be heading back into that school routine. Students will be filling our classrooms at the sound of the school bells. I hope that you had sometime this summer to relax before the rat race starts up again as teachers, administrators and coaches.

In just a few months, we will be out on the court blowing that whistle and teaching the game of basketball to our athletes. As coaches, the bouncing of the ball and squeaking of shoes on the court is like the sound of Santa's reindeer bells to little children. Remember to take some time for yourself and of course your family during the season. It is important to keep balance in your life to stay physically and mentally healthy.

There were so many positive highlights this past year for the WBCA. The WBCA All-Star games featured outstanding player and coaching talent. Attendance has been outstanding, with almost 1,000 attending the All-Star banquets, the All-State and Academic banquets had nearly 2,000 and at the Hall of Fame over 700 attended to honor the coaches, officials and players. This shows how important our organization is to the basketball community in Wisconsin.

This year, the WBCA also gave back so much! We donated over \$100,000 to charities, awarded \$11,000 in scholarships to athletes and initiated the Team Service Award scholarship awarding over \$5,000 to this year's recipients. Over 100 individual coaching awards for conference titles, state champs, years of service, and more were presented to deserving members. This is outstanding and it is all due to individuals such as yourself, thank you!

## President's Message cont.

Please remember to sign-up to be a member of the WBCA and make plans to attend the Fall Clinic as well. The clinic will be held on October 5-6 at the JustAgame Fieldhouse. Jay Benish and Jon Nedelcoff have put together an outstanding clinic, thank you to those two guys for all their hard work to make a success clinic. Numerous state coaches, as well as coaches from our state universities such as Wisconsin and Marquette will be part of our lineup. Lisa Bluder, head women's coach from the University of Iowa will be presenting along with shooting sensation Caitlin Clark.

Along with being a member of the best basketball coaches association in the country, you are eligible for awards and your players are eligible to be nominated for All-Star teams and Academic squads.

Thank you for all that you do for your students in your school and community, you are a big part of their lives during our cold Wisconsin winters. I wish everyone much success in the upcoming season and have fun coaching basketball.

Sincerely,  
Randy Storlie

# WBCA All-Star Games Girls Recap

By Loren Homb

The 41st annual WBCA Girl's All-Star games were held June 28, 2023 at the JustAGame fieldhouse in Wisconsin Dells. Thanks to everyone for their efforts in making these All-Star Games the very best. This year's players and coaches did an outstanding job in raising money for our charities. Those being the MACC fund, Camp Waubeek, Ronald McDonald House, Garding Against Cancer, and Hometown Heroes. The money donated to these organizations in Madison and Milwaukee will be used to develop new medicine and treatment, which is used worldwide.

We also need to mention one very special player who went way beyond what anyone could think imaginable. Emily Bierman from Potosi raised over \$37,000 for the WBCA charities. The old record was a very impressive \$17,000 and now the bar has been raised even more. Emily had a special reason for raising so much money, that being her cousin Sydney Fecht's battle with brain cancer. If anyone has not seen the video on Emily and Sydney go to YouTube and type in "Emily Bierman" and watch that video. It really explains why players raise money to help others and it is more meaningful when it is someone close to you. We want to send another "Thank You" to Emily and her family for everything they have done this year. It was announced at the banquet that Sydney is now cancer free! We could not be happier for her.

We have included a recap of the five games played this year: They were all very competitive and very entertaining.

Div. 5 Game: North won 75 to 68 after being down by double digits in the first half and into the start of the third quarter. Leading scorers for the North were Tatum Weir from Gilman with 13, Rachel Borchardt from Edgar with 13, Marnie from Prairie Farm with 12 and Lily Truchon from South Shore with 11. The South was led by Jayla Nagel from Kickapoo with 10 and Kat Miller from Elkhart Lake with 10

Div. 4 Game: South won a close battle by the score of 53 to 51. Leading scorers for the South was Jorey Buwalda from Randolph with 15 and Lilly Radcliffe from Melrose Mindoro with 10. The North was led in scoring by Aubrey Bintz from Coleman with 11 and Amelia Tucker from Bangor with 11

Div. 3 Game: North won a close battle by the score of 73 to 69. Leading the way in the North was Megan Schuman from Brillion with 13 and Brea Golden from Arcadia with 12. Leading the way for the South was Maria Messling from Evansville with 11 and Mya Hartjes from University School with 10

Div. 2 Game: The South dominated and came away with an 89 to 69 win. Leading the way for the South was Sophie Rampulla from Union Grove with 15, followed by Lexi Bugajski from New Berlin Eisenhower, followed by Allison Hampel from Greenfield with 11, and Meghan Schultz from New Berlin West added 10. The North was led by Bella Oestreicher Beaver Dan with 19 including six 3-pointers.

Div. 1 Game: The North prevailed 66 to 56. Leading scorers for the North were Danielle Minsas from Marshfield with 18 points followed by Mallory Ott from Oshkosh North with 11. The South only had one player in double digits that being Imani Warren from Rufus King with 10 points.

We are already planning and looking forward to the 2024 Girl's games June 26, 2024.

# WBCA All-Star Games

## Boys Recap

---

By Mike Huser and Matt McGraw, All-Star Co-Chairman

The annual WBCA Boys' Basketball All-Star games were held on June 29, 2023 at the JustAgame Fieldhouse in Wisconsin Dells. Once again, the staff at JustAgame did an outstanding job in hosting the event. A special thank you to the Royson family for allowing the WBCA games and practices to be held at their amazing facility. The event was held over three days in the Dells and the participants were tremendous in the way they represented their schools, communities and the WBCA. We were again able to fundraise a very significant amount of money that will be distributed among several charities this year which include: the MACC Fund, Garding Against Cancer, Camp Wawbeek, Camp Hometown Heroes and the Ronald McDonald House Charities.

The players and coaches did an outstanding job again this year. They had the opportunity to practice, scrimmage, spend time on excursions, hang out at the hotel and waterpark, among other things. The banquet on June 28 was a highlight as we were able to honor all the players and coaches especially those that had gone above and beyond with their fundraising obligations. It was a great three days and Wisconsin Dells did not disappoint.

Like many years the games were very entertaining. The teams averaged 112 points per game and fans were treated to solid overall shooting, some great dunks, incredible passing and though the scores may not show it some pretty solid defense. The games in each division were exciting, competitive and featured huge swings in momentum throughout the course of the games. We continued with the draft process again this season which allowed the red and white coaches to pick players from all over the state. This change happened a few years back and we continue to be happy with how it has helped create exciting games.

The WBCA would like to thank all of the coaches, players, fans and friends of basketball for their support and effort to make this year's AllStar event a success. Further-more, your support and generosity to the WBCA and the various charities is so very much appreciated.

DIVISION 1: WHITE 116, RED 108  
DIVISION 2: WHITE 115, RED 101  
DIVISION 3: RED 113, WHITE 92  
DIVISION 4: WHITE 123, RED 101  
DIVISION 5: RED 136, WHITE 110

# Recruiting, Retaining and Training Basketball Officials

---

By Terry Erickson

All across this Country, there is a growing concern about the ability to recruit, train and retain officials for all sports. In particular, Basketball seems to feel the strain to fill slots for all games played. High School Principals, Athletic Directors, Commissioners and Coaches are seeing a growing problem in not only securing officials for all levels of contests, but also a change in the quality of the game officiating.

Many feel the problem is that more games are being played not only by high schools, but also competing non-traditional leagues. Where once it was a rarity to have “in season” AAU-type teams, it is becoming common at various levels.

Others feel the issue is “Sportsmanship”, or the lack of it. Coaches, players and fans all expect perfection from officials. Understandably, this philosophy is born in the land of televised sports as every night we tune into games that are officiated by the greatest arbiters in the world. Every call is replayed and the announcers point out the “error” of the calling official. Then, the fans watch these games and transfer the same observation to a local high school game.

In addition to those problems, the real battle continues in ensuring that all games are played on a level playing field. How do we do that?

## Recruitment

The days of expecting new people to show up at Officials Association meetings have long passed. Recruiting, just like at the college athletic level, is a yearlong commitment. The best associations identify a recruitment committee that actively looks to bring young officials into the group. This can be done through local colleges and high schools. In addition, placing notices in game programs offering opportunities for interested officials can be an effective way to send a message. Or, asking the local newspaper to publish a story on a veteran referee with a request for new officials embedded in the article.

## Training

The worst possible thing a local association can do is send an untrained or poorly trained official to any game. Any official that is sent to work that game will soon be an “ex-official. A well designed and complete training program should include rules and situational discussions, on court experiences as well as a mentor program. Assigning young officials to work with a seasoned veteran on lower level games can prove to be highly beneficial.

## Retention

All groups lose members under normal conditions. People move, change interests and lifestyles, or retire. But to ensure that others continue to have a burning desire to continue officiating, a few things are recommended. (1) Evaluate officials as improvement comes when you know what you did well and what it takes to move to a higher level. (2) Plan fun events to build camaraderie among members. Consider including a spouse or friend to a special event. (3) Give awards. Every successful group shares the common trait of rewarding officials for their work on and off the court.

Certainly, High School Administrators have many concerns. Funding, gender equity issues, and filling coaching vacancies are just a few of those concerns. But, without quality officials to work contests, the integrity of Interscholastic Athletics is compromised.

# Boys Showcase

---

**Saturday September 23, 2023**  
**Community First Champions Center - Appleton, Wisconsin**

Like last year all of our coaches will be Division III head or assistant coaches. Your son/players will be working directly with college coaches throughout the day.

Registration will begin at 9:15am with the day's events getting underway at 10am and completing by 4pm. Players will take part in skill work sessions, physical testing, hear a message from a former player/coach (motivational and informational in nature), and take part in 5×5 competitive games/play.

Some past showcase attendees include Max Klesmit (Wisconsin), Max Weisbrod (Northern Michigan), Marcus Hall (Green Bay), Adam Larson (Southeast Missouri State), Aidan Clarey (Rockhurst), Sam Meerstein (Concordia-Wisconsin), Derek Shaw (St. Norbert College), Brock Donaldson (Hamline University), Trey Traeder (Edgewood), Caden Nelson (Edgewood), Matus Dopirak (MSOE), Mason Dopirak (MSOE), Ben Probst (UW-Platteville), JJ Paider (UW-La Crosse), Carter Thomas (UW-Oshkosh).
